

TANVEER HUSSAIN

Software Engineering Student | Frontend & Backend Developer

+92 305 8418880

Shah Latif Town, Karachi

tanveerhussainjunejo93@gmail.com

ABOUT ME

Software Engineering student focused on frontend development with growing backend knowledge. I build responsive, user-friendly websites and practical web applications using HTML5, CSS3, JavaScript, Bootstrap, and modern development tools. Currently learning React.js and Node.js while strengthening my Git & GitHub workflow. Open to internship and entry-level opportunities where I can learn, contribute, and grow as a developer

PROJECT EXPERIENCE

FOTO LAB CAMERA STORE:

Responsive camera e-commerce website built with HTML, CSS, Bootstrap, and JavaScript. Developed product listings, cart-related interactions, responsive layouts, and modern UI components

PERSONAL PORTFOLIO WEBSITE:

Modern responsive portfolio showcasing projects, skills, services, and contact information. Built with HTML5, CSS3, and JavaScript with responsive navigation, animations, and interactive UI.

RESPONSIVE LANDING PAGE:

Academic web project focused on responsive design, clean UI, accessibility, and cross-browser compatibility. Applied mobile-first design principles and modern CSS techniques.
